One of the more iconic Air Jordan 12 releases is the Flu Game edition, which was worn by Michael Jordan during Game 5 of the 1997 NBA Finals against the Utah Jazz. His Airness put up 38-points all while suffering a flu-like symptoms.

The Air Jordan 12 Flu Game was originally released back in 1997, then later retro'd in 2003, followed by another re-release in 2009. However, the 2009 pair didn't meet OG standards as they were built with a nubuck upper that included detailing on the heel as a nod to the year and points Michael Jordan scored that day.

Now they're finally set to return as a remastered version for 2016 and will release just like they did when they were OGs. The shoe features a full Black-based upper with Varsity Red accents throughout.
